Topic 1 Thoughtful hospitality to make you savor the luxury of staying at a hotel

With the dignified elegance displayed by hotel staff and careful attention to detail, the mission of the hotel is to welcome guests with the best in hospitality. This most valued tradition of the Sapporo Grand Hotel has been passed down since its opening.

Topic 3 Hospitality through food is a tradition that has passed down since our opening.

Sapporo Grand Hotel started as Hokkaido's first genuine Western style hotel with the aim of offering *dishes for entertaining guests using food ingredients produced in Hokkaido* since its opening. Please savor the dishes that incorporate the tradition and evolution of the lavish gifts from Hokkaido.

Topic 2 The gift from the northern land is condensed into a soup.

One of the attractions of staying in Hokkaido is to enjoy the food. Sapporo Grand Hotel offers variety of soups that use ingredients produced in Hokkaido. Among them, corn soup has been sold for more than 50 years since 1971. Enjoy the timeless tastes provided by the hotel, which have been loved, at your home as well.

Topic 4 The gorgeous design uses the motif of an octagram, which represents the wish for future development

The Hokkaido Development Commission used a red star as an emblem signifying the North Star for its flag. And the octagram, which is the symbol of Sapporo Grand Hotel, originated from the emblem. The symbol signifying "Future Development" is designed into the interiors of the hotel.

This material is printed using green electricity generated from wind power in Hokkaido.
