SAPPORO PARK HOTEL

Surrounded by the greenery of Nakajima Park, the hotel provides convenience and comfort.

Discover an urban oasis here.

Despite being in the middle of an urban area, the hotel is surrounded by the green, quiet environment of Nakajima Park. Our hospitality includes the safe, secure foods produced in our own farms, which will satisfy guests in all situations. Please relax in this urban oasis.

Topic 1 Take in the seasonal views and relax in a rich natural environment.

Sapporo Park Hotel is located next to the Nakajima Park, which has been certified as one of the “100 Best City Parks in Japan.” The lush greenery and the autumnal colors of the leaves are spectacular. Experience the magnificence of nature with nearby Mt. Moiwa.

Topic 2 Enjoy healthy foods using naturally farmed vegetables and herbs.

Our own Granvista Farm adopts the *natural cultivation method*, which means that the farm does not use pesticides; we grow crops almost exclusively with the power of nature. According to the instructions of experienced professionals, we grow vegetables and herbs that are friendly to both the earth (environment) and people. We are pursuing food that keeps one step ahead by providing guests with those crops through dishes of the restaurants.

Topic 3 Our goal is EMINA, which means the smiles of our guests.

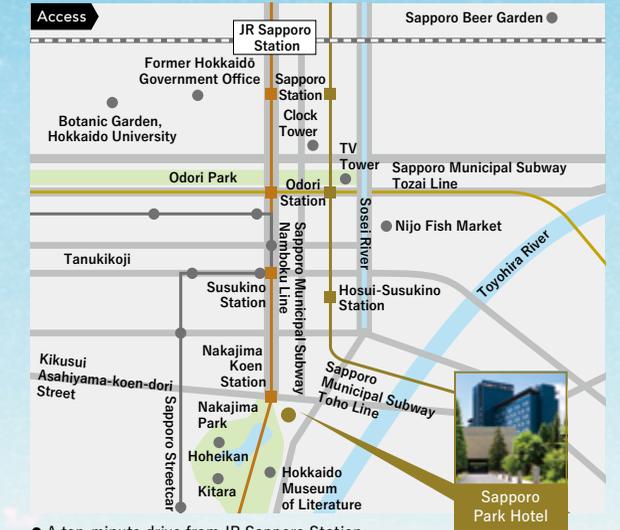

Our standard of services is EMINA, which means “smiles” in the Ainu language. For us, the smiles of our guests are most important—they are our main goal and what we pursue on a daily basis. In order to realize that goal, we will always make every effort to improve our service to achieve the highest in customer satisfaction.
